

CLAIMS

I claim:

- 5 1. A towbar for use in attaching a storage cart to a vehicle, comprising:
- a mounting base formed with a lumen;
- a left base extension having an attachment fork and slidable within
- said lumen;
- a right base extension having an attachment fork and slidable within
- 10 said lumen;
- a tongue assembly having a tongue and one or more tongue supports;
- a means for pivotally attaching said tongue assembly to said mounting
- base.
